

## Etron Announces July 2008 Sales Report

Etron Technology (GTSM: 5351) today announced that its net sales for July 2008 were NT\$641 million (US\$21 million), up 2.5% from NT\$625 million (US\$21 million) for June 2008. Accumulated revenues from January through July of this year totaled NT\$4,962 million (US\$160 million).

Despite global economic slowdown caused by inflation and rising oil prices, Etron has managed to slightly grow its July revenues and shipments from June of this year. The company will continue to make its utmost efforts on product and technology developments and strive to provide the best customer services to further enforce its competitive advantages for the long-term development.
