

Etron Announces September 2008 Sales Report

Etron Technology (GTSM: 5351) today announced that its net sales for September 2008 were NT\$700 million (US\$22 million), up 6.8% from NT\$656 million (US\$21 million) for August 2008. Revenues from July through September totaled NT\$1,997 million (US\$64.3 million), up 3.5% from NT\$1,930 million (US\$63.5 million) for the second quarter in 2008. Accumulated revenues from January through September of this year totaled NT\$6,318 million (US\$204 million).

Despite global economic slowdown, the company managed to grow both of its September revenues and shipment volumes from the previous month. Revenues and shipment volumes both performed better in the third quarter than in the previous period. The company has maintained strong relationships with customers and will continue to provide the most optimized products and services to expand the market opportunities.
