

## Etron Announces May 2009 Sales Report

Etron Technology (GTSM: 5351) today announced that its net sales for May 2009 were NT\$574 million (US\$17 million), up 1.4% from NT\$566 million (US\$17 million) for April 2009. Accumulated revenues from January through May of this year totaled NT\$2,314 million (US\$69 million).

Thanks to strong relationships with customers, the company has seen continuous month-on-month growth for the first five months of this year, with its May revenues marking the record high for 2009. The company will continue to develop more products with advanced processing technology and enhance customers' services to create a better performance.
