

Etron Announces July 2009 Sales Report

Etron Technology (GTSM: 5351) today announced that its net sales for July 2009 were NT\$642 million (US\$20 million), up 10.0% from NT\$584 million (US\$18 million) for June 2009. Accumulated revenues from January through July of this year totaled NT\$3,539 million (US\$106 million).

Due to market demand growth and support from customers, Etron has seen continuous month-on-month growth in revenues for the first seven months of this year. The July revenues continued to hit a record high for 2009. With advanced processing technology, the company has continuously developed products in diversified application markets. It will also strive to win more customers and enhance its competitiveness with effective services.
