

Etron Announces August 2009 Sales Report

Etron Technology (GTSM: 5351) today announced that its net sales for August 2009 were NT\$661 million (US\$20 million), up 3.0% from NT\$642 million (US\$20 million) for July 2009. Accumulated revenues from January through August of this year totaled NT\$4,201 million (US\$126 million).

Etron has achieved continuous month-on-month growth in revenues for the first eight months of this year, with August revenues continuing to mark a record high for 2009. The company's 70nm and 90nm products have been in volume production and adopted by an increasing number of customers. With benefits of its diversified products using advanced processing technology gradually emerging, Etron will persist in giving the utmost efforts to create a better performance.
