

Etron Announces February 2009 Sales Report

Etron Technology (GTSM: 5351) today announced that its net sales for February 2009 were NT\$331 million (US\$10 million), up 9.8% from NT\$302 million (US\$9 million) for January 2009. Accumulated revenues from January through February of this year totaled NT\$633 million (US\$19 million).

Thanks to support from customers, the company reached a continuous revenue growth from the previous month in February. It will continue to make the best efforts to develop products with advanced processing technology and improve its structure to achieve a better result.
