

## Etron Announces September 2009 Sales Report

Etron Technology (GTSM: 5351) today announced that its net sales for September 2009 were NT\$712 million (US\$22 million), up 7.7% from NT\$661 million (US\$20 million) for August 2009. Accumulated revenues from July through September totaled NT\$2,016 million (US\$61 million), growing 16.9% from NT\$1,724 million (US\$52 million) for the second quarter of 2009 and up 0.9% from NT\$1,997 million for the third quarter of 2008. Accumulated revenues from January through September of this year totaled NT\$4,913 million (US\$148 million).

Etron has achieved continuous month-on-month growth in revenues for the first nine months of this year, with September revenues continuing to reach the record high for 2009. The third quarter revenues also grew from the previous quarter. With benefits of its diversified product portfolio using advanced processing technology gradually emerging, Etron will persist in providing better products and services to achieve a win-win situation with customers and deliver a better performance.
