

## Etron Announces January 2009 Sales Report

Etron Technology (GTSN: 5351) today announced that its net sales for January 2009 were NT\$302 million (US\$9 million), up 13.7% from NT\$265 million (US\$8 million) for December 2008.

With products fitting needs of diversified application markets, Etron has won support from many strategic customers. Despite the economic recession and reduced working days in January due to Chinese New Year holidays, the company managed to grow its sales in January from the previous month. As a fabless company, Etron will continue to make the best efforts to apply its advantages in cost and develop new products with advanced processing technology to further strengthen its long-term competitive advantages.
